# PRESTIGE *line*

Here is an offer for people who live with their times. Simple lines, an original design and fashionable decorative elements give a modern look to suit your tastes. Doors equipped with these overlay panels gain in uniqueness. Entrance facades attract attention - they are elegant and timeless. PRESTIGE Line panels provide an excellent combination of insulation and aesthetics. Their thicknesses are adapted to the most popular profile systems, such as:

**ALUPROF, ALIPLAST, PONZIO, ALURON, YAWAL, SO EASY (BLYWEERT), REYNAERS, SCHÜCO, HEROAL, CORTIZO.**

## PARAMÈTRES

- maximum dimensions 1250 x 2500 mm;
- external coating made of 5754 / H 22 aluminum sheet with a thickness of 3 mm;
- expansion joint with a thickness of 5 mm;
- XPS rigid extruded polystyrene foam;
- internal coating made of 5754 / H 22 aluminum sheet with a thickness of 2 mm;
- the overall thickness of the panels in the case of overlay panels adapts to the frame profile of the doors;
- the standard thickness for overlay panels one side is 44 to 65 mm. Other thicknesses on request;
- in the case of overlay panel one side: the triple glazing has a coefficient of thermal transmission  $U_g 0.7 \text{ W / m}^2 \text{ K}$ ; the panel has a thermal insulation coefficient starting from  $0.9 \text{ W / m}^2 \text{ K}$ ;
- in the case of overlay panel two side: the triple glazing has a thermal transmission coefficient  $U_g 0.5 \text{ W / m}^2 \text{ K}$ ; the panel has a thermal insulation coefficient from  $0.6 \text{ W / m}^2 \text{ K}$ ;

**OVERLAY PANELS**

SKETCHES OF OVERLAY PANELS ONE AND TWO SIDES AND INFILL

We created legible and clear instructions, for those who are interested to do the montage themselves. We can provide formation and training to filling assembly installation. There is of course a possibility for every customer to use our support and advice with first ordered overlay.

## VEYNA DOORS QUALITY

The company VEYNA, in collaboration with his partners, have succeeded all the test for security doors RC2 with security glass of class P4. All our panels are given gratis to pass the tests in the research entities or other control bodies. Security doors RC2 or RC3 enrich our offer and give possibility to buy more solid doors in the producers. They still gard their news and interesting designs. **The tests were done for doors in alu.**

We offer 5 years warranty. The panels are produced with components from renowned European companies.
